

Price list / order form seam sealant

SEAM SEALANT FOR CRYPTON® INSIDE / OUT

Materialised has available a seam sealant which can be used on our Crypton® Inside Out range in circumstances where the fabric is being used outdoors and the seams need to be sealed to protect from water accessing the foam.

- Product must be allowed to dry for 24 hours after application
- A 60ml bottle should cover approx 7 to 8m of seam.
Application, width and thickness will vary this amount.

Mark quantity required in appropriate box below...

Sealant SMALL 60ml – \$10/bottle + GST and p+h

Sealant LARGE 237ml – \$22/bottle + GST and p+h

NB: If sealant order is dispatched with fabric order there is no additional freight charge.
All prices are quoted in Australian Dollars. Price are subject to change.
