<b>Colours Available</b>	Bluestone Bridle Cobblestone Corn Domino Fir Lasso	Magnolia Marsala Portobello Rattan Sangria Seal Brown Wicker
<b>Lead Time</b>	Stocked in USA, lead time approx. 2 weeks from order unless otherwise quoted.	

# resilience<sub>sr</sub>

Resilience SR represents the latest technology in Vinyl or Faux Leather protection enhancing performance where it is needed most:-

**Stain Resistance:** with proper care, materials treated with Resilience SR can be easily cleaned and will guard against stains maintaining the desired surface appearance for years to come.

**Anti-Microbial and Anti Bacterial Protection:** Products treated with Resilience SR are engineered to inhibit bacterial growth, as well as fungus, mold and mildew spores, resulting in a more hygienic environment.

**Abrasion Resistance:** Resilience SR provides additional wear properties and surface durability to any Vinyl or Faux Leather, thereby increasing the life of the Material.

Resilience is not visible and does not affect the hand of the materials. Resilience SR is engineered to last, even after repeated cleaning and wear.

Resilience complies with ASTM G 21 / CFFA 120 and AATCC 147 / CFFA 300 inhibiting the growth of the following organisms –

- Aspergillus Niger
- Klebsiella Pneumoniae
- Trichoderma Virens
- Staphylococcus Aureus
- Chaelomium Globosum
- Pseudomonas Aeruginosa
- Penicillium Pinophilum
- Salmonella Choieraesuis
- Aureobasidium Pulluans

Test carried out in USA and available upon request. The information in this cleaning guide refers to performance of resilience in tests conducted under laboratory conditions.

This information does not apply specific guarantees and does not relieve the user from the responsibility of the products safe use and reference cleaning agents.
